

National Threat Level

POSTER

NEW!

During a Compliance Review, First Impressions Can Be Critical ...

Demonstrate to USDOT and Motor Carrier investigators your company's commitment to enhancing security.

In part, the new *security plan* and *training* regulations are intended to raise your employees' level of awareness regarding hazmat security.

This laminated poster has been designed to effectively communicate the **National Threat Level** to your drivers and other hazmat employees. Use a grease pencil or dry erase marker to indicate the current Threat Level.

Perfectly suited for posting the National Threat Level in:

- **Dispatch Areas;**
- **Break Rooms; or**
- **Other Areas Frequented by Drivers and other Hazmat Employees.**

The National Threat Level is posted on the PERS website consistent with the Homeland Security Advisory System.

Hazmat Transportation

Security ...

- Stay alert.
- Be prepared for emergencies.
- Strictly adhere to vehicle attendance requirements.
- Report any suspicious or unusual behavior or activity to dispatch and police.

Homeland Security Advisory System

Advise drivers whenever the **National Threat Level** is changed.

Use a dry erase marker or grease pencil to indicate the current National Threat Level.
